

Wrapping and description  
of the objects

Linear algebra

```
graph RL; A[Linear algebra] --> B[Wrapping and description of the objects];
```

The diagram consists of two rectangular boxes connected by a horizontal arrow pointing from right to left. The box on the right is shaded gray and contains the text 'Linear algebra'. The box on the left is white with a black border and contains the text 'Wrapping and description of the objects' on two lines. A black arrow points from the right box to the left box.
